The Strokeplay Championship Weekend was played over 36 holes on 28th and 29th May on the beautifully prepared course, with fast greens and tricky pin positions.

This is an important weekend for our male golfers as not only does this competition determine the Strokeplay Championship, it also serves as the qualifying process for both the Men's Club Championship and the Badman Cup.

## 2016 Strokeplay Championship

The best Gross Score over the two rounds gives us our Strokeplay Champion. At the end of the first day the overnight leader was Dean Brown with an opening round of 73 but on the second day, with players enjoying the warm but windy conditions, it was Andrew Vann who came through to win with a closing round of 72. (Gross score 149: R177, R272).

The winner of the Best Nett score was Dan Smith who shot a nett combined score of 139.
